Customer research program. Here's a list of things that go into designing the perfect VoC: 1.

Designing the perfect Voice of the Customer Strategy

It's time for Voice of the Customer programmes to mature. Our research shows that nearly three-quarters of large companies rate their voice of the customer (VoC) programmes as being successful (only 8% say that they've been unsuccessful). That's great - infusing almost any type of customer insights into a business can add value.
