Distributor timing. Distributor Timing (It is good to have someone to help with this.) 1. First, remove the distributor cap. 2. Next turn over engine and watch which way the rotor turns. (should be clockwise) 3. Next, remove #1 spark plug, put your finger in the hole and crank over the engine until you feel air being forced out. 4. Then look in the timing hole and turn engine until timing mark shows in center of the hole(TDC)
