The N52 engine was also manufactured with an electric cooling fan — a welcomed change for mechanics who now had more room in front of the belts and pulleys for servicing. A BMW E60 belt and pulley replacement is an easy repair for the home mechanic with average abilities and can save a very expensive trip to the dealership.

BMW E60 Belt and Pulley Replacement - BMW Repair Guide
BMW Electric Water Pump Repair Gone are the days of a engine belt driven water pump on late model BMW&#39;s. The BMW engines inline 6 cylinder N51 N52 N54 N55 are equipped with electric water pump. This allows the DME to fully control and modulate the coolant flow through the engine without dependency on RPM.
