CCNA 2 Chapter 3 Exam Answer 004 (v5.02, 2015) Disable autonegotiation and set ports to either static access or static trunk. Change the native VLAN to a fixed VLAN that is distinct from all user VLANs and to a VLAN number that is not VLAN 1. Configure all unused ports to a 'black-hole' VLAN that is not used for anything on the network.

Completely Revised for the New 2007 Version of the CCNA Exam (#640-802) Cisco networking authority Todd Lammle has completely updated this new edition to cover all of the exam objectives for the latest version of the CCNA exam. Todd's straightforward style provides lively examples, easy-to-understand analogies, and real-world scenarios that will not only help you prepare for the exam, but also give you a solid foundation as a Cisco networking professional. Packed with updated topics that have been added to the 2007 version of the CCNA exam, this updated study guide features expanded coverage of key topic areas plus new material on switching, network address translation, and OSPF. Inside, find the complete instruction you need, including: Full coverage of all exam objectives in a systematic approach, so you can be confident you're getting the instruction you need for the exam Practical hands-on exercises and labs to reinforce critical skills, Real-world scenarios that put what you've learned in the context of actual job roles Challenging review questions in each chapter to prepare you for exam day Exam Essentials, a key feature in each chapter that identifies critical areas you must become proficient in before taking the exam CD-ROM Includes: Chapter Review Questions Eight Full-Length Practice Exams Over 400 Electronic Flashcards Audio and Video Instruction from Todd Lammle

Full book in searchable PDF format Bonus CD-ROM Includes Platinum Version of CCNA Virtual Lab Learn from lab exercises created by Todd Lammle Access configuration consoles for network devices, including 2600 series Cisco routers and 1900 or 2950 series Cisco switches. Get practice with the Cisco IOS commands you'll need to know for the exam Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file. For Instructors: Teaching supplements are available for this title.

31 Days Before Your CCENT Certification Scott Bennett A day-by-day ICND1 exam review guide for the CCNA Discovery student After you complete the first two courses of the CCNA® Discovery version 4 curriculum in a Cisco® Networking Academy®, you are ready to officially demonstrate that knowledge by getting CCENT™ (Cisco Certified Entry Networking Technician) certified. The CCENT is a new entry-level certification that validates to a potential employer the practical skills you learned in these courses, which are required for entry-level network support positions. 31 Days Before Your CCENT Certification offers you a personable and practical way to understand the certification process and commit to taking the 640-822 ICND1 certification exam while the course material is fresh in your mind. Sign up for the ICND1 exam and use the book's day-by-day guide and checklist to organize, prepare, and review. Each day in this guide breaks down an exam topic into a manageable bit of information to review using short summaries from relevant parts of the CCNA Discovery courses. The features of the book empower you to fit exam preparation into a busy schedule: Visual calendar summarizing each day's study topic Checklist providing advice for preparation activities leading up to the exam Description of the 640-822 ICND1 exam and how to sign up for it, including how to use a course voucher Strategies to be mentally, organizationally, and physically prepared for exam day

55 labs from the online course with an additional 15 labs in which you can apply your knowledge about the technologies and concepts introduced. You will get ample opportunity for hands-on practice in three different types of labs: Curriculum Labs are step-by-step exercises designed to introduce you to new concepts. Presenting you with detailed instructions and sometimes additional explanations for completing the lab, Curriculum Labs come directly from the CCNA 2 online course; Comprehensive Labs combine the concepts learned from the course and Curriculum Labs into new experiments. These Exercises provide minimal guidance. You are encouraged to complete the Curriculum Labs before moving on to a Comprehensive Lab; and Challenge Labs are unique labs requiring a thorough understanding of the previously learned network concepts. You should complete all Curriculum Labs and Comprehensive Labs before attempting a Challenge Lab. Additionally, the appendix includes a CCNA 2 Skills-Based Assessment practice lab. be well prepared to continue your networking education in the CCNA courses that follow. Use this book with *Routers and Routing Basics CCNA 2 Companion Guide* (ISBN: 1-58713-166-8). Allan Johnson is an information technology instructor at Mary Carroll High School and Del Mar College in Corpus Christi, Texas. Since 2003, Allan has committed much of his time and energy to the CCNA Instructional Support team, creating training materials and providing services for instructors worldwide. He is a familiar voice on the Cisco Networking Academy Community forum Ask the Experts series. This book is part of the Cisco Networking Academy Program series from Cisco Press[registered]. The products in this series support and complement the Cisco Networking Academy Program online curriculum.

A complete preparation guide for the entry-level networking CCNA certification If you're planning to advance your career by taking the all-important Cisco Certified Network Associate (CCNA), this is the
