Kia Engine Oil Grades and Capacities
GEMA engines are generally placed in compact 1.8-, 2.0- or 2.4-liter displacement vehicles. However, Kia is responsible for making their respective performance engines. One prime example is the GDI Turbo system found on their race spec Optima. More From Reference.

Who Makes Kia Engines? -
Reference.com

A solid check engine light is usually no cause for panic. The indicator is triggered when your Kia 's on-board computer (ECU – Electronic Control Unit) finds something out of the normal with its usual function. When it discovers a problem, it records it using a diagnostic code.
