Questions to Ask. Often coaching clients do not explicitly ask for support to develop their self-leadership skills, simply because the term self-leadership does not yet form part of common conversation. Instead, they usually have a particular desired experience or goal in mind they are hoping to attain.

3 Cognitive Coaching Skills Everyone Can Put to Use. The slide on the screen stressed the importance of developing self-directed individuals by “conveying a valued person from where s/he is to where s/he wants to be.”. That’s what those of us who were participating in the first of four Cognitive Coaching retreats learned about cognitive coaching’s purpose and our roles as CC coaches in training.
