Yesterday's unexpected leak (or could it be a great PR ploy on Apple's part?) of an upcoming "iPhone XS" refresh has vividly illustrated the difference between a 5.8-inch second-generation iPhone X and the 6.5-inch form factor of a brand-new iPhone XS Plus model. The leak utilizes an unreleased wallpaper depicting what appears to be one-half of an imaginary, colorful planet (looks ...

Relive the extraordinary Presidency of Barack Obama through White House photographer Pete Souza's behind-the-scenes images and stories in this #1 New York Times bestseller -- with a foreword from the President himself. During Barack Obama's two terms, Pete Souza was with the President during more crucial moments than anyone else -- and he photographed them all. Souza captured nearly two million photographs of President Obama, in moments highly classified and disarmingly candid. Obama: An Intimate Portrait reproduces more than 300 of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to "be kind and be useful," as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.

The first e-book you should download onto your newiPhone Just bought a new iPhone and need to know where to get started?iPhone 5 First Steps For Dummies gives you the essentialstep-by-step instructions you need to get up to speed fast andlearn how to use the most essential features right out of the box.Focusing on the top tasks required to get started, this handylittle e-book begins with a quick tour of your iPhone, then guidesyou through navigating the touch screen, getting comfortable withthe keyboard, making a phone call, sending a text message, makingvideo calls with FaceTime, getting acquainted with Siri yourvoice-activated virtual assistant, playing videos and music,downloading apps from the App Store, taking photos and video,configuring and using iCloud, and more. 'I Am A World Of Uncertainties Disguised As A Girl' written by author and poet Nicole Lyons, is a breathtaking collection of poems that blurs the lines between love and madness. A sorceress of words, Nicole Lyons takes the reader to the edge of the abyss of creativity, sanity, and love, and asks the question, 'can one survive both a broken heart and a broken mind?'

The new iPhone 3G is here, and New York Times tech columnist David Pogue is on top of it with a thoroughly updated edition of iPhone: The Missing Manual. With its faster downloads, touch-screen iPod, and best-ever mobile Web browser, the new affordable iPhone is packed with possibilities. But without an objective guide like this one, you'll never unlock all it can do for you. In this new edition, there are new chapters on the App Store, with special troubleshooting and syncing issues with iTunes; Apple's new MobileMe service, and what it means to the iPhone; and Microsoft Exchange ActiveSync compatibility. Each custom designed page in iPhone: The Missing Manual helps you accomplish specific tasks with complete step-by-step instructions for everything from scheduling to web browsing to watching videos. You'll learn how to: Use the iPhone as a phone -- get a guided tour of 3G's phone features and learn how much time you can save with things like Visual Voicemail, contact searching, and more Figure out what 3G means and how it affects battery life, internet speed, and even phone call audio quality. Treat the iPhone as an iPod -- listen to music, upload and view photos, and fill the iPhone with TV shows and movies Take the iPhone online -- learn how to get online, use email, browse the Web, and use the GPS Go beyond the iPhone -- discover how to use iPhone with iTunes, sync it with your calendar, and learn about The App Store where you can pick from hundreds of iPhone-friendly programs Teeming with high-quality color graphics and filled with humor, tips, tricks, and surprises, iPhone: The Missing Manual quickly teaches you how to set up, accessorize, and troubleshoot your iPhone. Instead of fumbling around, take advantage of this device with the manual that should have been in the box. It's your call.

Gemma Troy spent her childhood hunting for gold with her father, camping in fern gullies, and collecting keepsakes from the outdoors. Pebbles, nests, shells, seed pods, plants, bones, feathers - if it's beautiful, portable, and can be spared by the earth, Gemma takes it home as a reminder of nature's beauty. In Heart Lines, Gemma reflects on themes of love and pain, femininity and joy, and matches each delicate poem with one of her foraged treasures.

Follows the efforts of Dragon Reborn Rand al'Thor to unite a fractured network of kingdoms and alliances to prepare for battle against the Shadow.

The secret history of the invention that changed everything--and became the most profitable product in the world. NATIONAL BESTSELLERShortlisted for the Financial Times Business Book of the Year Award One of the Best Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York Times bestselling author of Elon Musk "A stunning book. You will never look at your iPhone the same way again." -Dan Lyons, New York Times bestselling author of Disrupted Odds are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to "the one device," as he called it, a cell phone was merely what you used to make calls on the go. How did the iPhone transform our world and turn Apple into the most valuable company ever? Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work--touch screens, motion trackers, and even AI--made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.

With multitasking and more than a 100 other new features, iPhone 4.0 is a real treat, cooked up with Apple ™s traditional secret sauce of simplicity, intelligence, and whimsy. iPhone UK: The Missing Manual gives you a guided tour of everything the new iPhone has to offer, with lots of tips, tricks, and surprises. Learn how to make calls and play songs by voice control, take great photos, keep track of your schedule, and much more with complete step-by-step instructions and crystal-clear explanations by iPhone master David Pogue. Whether you have a brand-new iPhone, or want to update an earlier model with the iPhone 4.0 software, this beautiful full-colour book is the best, most objective resource available. Use it as a phone -- learn the basics as well as time-saving tricks and tips for contact searching, texting, and more. Treat it as an iPod -- master the ins and outs of iTunes, and listen to music, upload and view photos, and fill the iPhone with TV shows and films. Take the iPhone online -- make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files. Go beyond the iPhone -- learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read ebooks in iBooks. Unlock the full potential of your iPhone with the book that should have been in the box.
