I thought it was part of a series of "DO NOT OPEN THIS BOOK" books. The original by Michaela Muntean is a wonderful book that challenges young readers to learn about writing a book in a very interesting manner. This book and the predecessor are shameless ripoffs.

This story is about a secretly plan composed by the reader to catch the monkeys, toucans and alligator after proceeding forward in the book and never yielding to the warnings. The book is refreshingly original because: ~ it breaks the fourth wall.

"Do not open this book", by Michaela Muntean was a very differently styled picture book to what I am used to reading. The beginning started out with the main character, a pig, telling the reader not to open the book. What caught me off guard at the start of reading the book was how personal the pig got to the reader.

**Do Not Open This Book by Michaela Muntean - Goodreads**  
"Do Not Open" by Brinton Turkle is a very compelling children's book. The book is filled with choices and possibilities to test the main characters. They are

I bought this for my son  
(now 8, at the time 7). He  
reads it nearly everyday and  
I heard from the back of the  
car, "My Do Not Open book's  
cover broke." I would not  
say, however, it is the  
fault of the book, but  
rather a sign of how well  
loved it is.
