Employment Opportunity policies, fair salary offerings, health issues, performance evaluations, behavior/disciplinary actions, turnover, and the list goes on and on. Practical Human Resources Management for Public Managers: A Case Study Approach provides insight into human resource trends and demonstrates how complex situations can be successfully managed by public sector practitioners. The authors take us step by step into the "real world" with examples of historical events that compare "What Happened" with "What Could Have Happened" as well as suggested readings for more in-depth analysis and important points to remember. Exploring the space between theory and what actually occurs in the world, this book supplies instructional case studies based upon actual events. The authors introduce key human resources issues with clear, concise language and provide techniques to address these issues in a real-world setting. The case studies cover legal and liability issues, recruiting and hiring, employee performance, reward and discipline issues, retention, termination, workplace violence, mentorship, motivation, and managing through transitions. The authors bring know-how from a wide array of working environments, including teaching and administrative experience in public universities and management in municipalities of various population sizes from a few thousand to more than a million. They have also worked in a variety of capacities within these organizations, which allow them to see different perspectives on how different departments handle similar situations. They use their from-the-trenches knowledge to explore pragmatic ways to deal with human resource issues in public sector workplaces.

Conducting business across national borders is nothing new; the Knights Templar were banking internationally as long ago as 1135. But modern globalization processes raise different challenges, and as the world becomes smaller and labour movements more common, an international understanding of human resource management is essential. The second edition of International HRM provides a fully updated and revised analysis of this important area. Its innovative, multi-disciplinary approach allows a holistic picture to emerge in which key issues are assessed from organizational, individual and societal perspectives. The collection is divided into three parts: the contemporary internationalization context the management of international employees strategic issues facing international HR managers. Supported by new research, and including work from eminent writers in the field, this book discusses issues as diverse as the relative absence of women in international work, the ethical merits of localization, and the context faced by organizations like the United Nations. It is a valuable tool for all students, researchers and practitioners working in international business and human resource management.

This case, based on a fictional UK-based organization, gives learners the opportunity to think about key decisions involved in international assignments and to transfer their knowledge of domestic HR issues to an international context. Students will learn about the main elements and issues related to

international assignments; when it is appropriate to use expatriate workers; the skills and knowledge needed by expatriate workers; and how organizations can prepare expatriate managers to succeed in an international assignment. A brief PowerPoint file with instructional materials about international assignments accompanies this case.

A key course text for advanced undergraduates and MBA students of human resource management. By using a thematic rather than a techniques-based structure, this book provides an opportunity to engage with current problems and issues by going beyond the normal emphasis on best practice and techniques and developing an awareness of the wider context. Accompanied by a website at <http://www.palgrave.com/business/newell> containing lecturer support materials, this text presents the key themes underpinning an understanding of human resource management through the use of detailed research-based case studies. Also available is a companion website with extra features to accompany the text, please take a look by clicking below - <http://www.palgrave.com/business/newell/index.asp>.

Cases in Human Resource Management provides students with insights into common challenges, dilemmas, and issues human resource managers face in the workplace. Using a wide variety of well-known companies and organizations, author David Kimball engages students with original, real-world cases that illustrate HRM topics and functions in action. Each case is designed to encourage students to find new solutions to human resource issues and to stimulate class discussion. Case questions challenge students to think critically, apply concepts, and develop their HRM skills. The contents are organized using the same topical coverage and structure as most HRM textbooks, making Kimball the ideal companion for any introductory HRM course.

In the face of globalization, multinational companies have become the norm, rather than the exception. HR professionals now need to manage across borders, cultures and time zones, meaning that a complete understanding of the theory and practice of International Human Resource Management (HRM) is essential. International Human Resource Management is a concise introduction for all students studying International HRM at the Masters level. It covers everything from the cultural and institutional contexts, international employment law and the role of International Framework Agreements to recruitment and selection, training and development, performance management, reward and benefits, job design and other functional areas of International HRM. With numerous industry examples and global case studies from companies such as Telefonica, Unilever and Volkswagen, International Human Resource Management goes beyond the theory to fully explore how International HRM works in practice. It is an indispensable textbook to prepare students for successful careers in human resources. Online supporting resources

include additional case studies, lecture slides for every chapter, self-test exercises for students, discussion questions and further reading.

The Global Human Resource Management Casebook is a collection of business teaching cases, focusing on Human Resource Management issues around the world. Each case is based in a single country and illustrates one or more significant challenge faced by managers and HR practitioners. The influence of the unique national cultural and institutional context upon the issues in the case is emphasized. In total 32 unique and original cases are presented, each from different national contexts. Every case is followed by a set of questions for use in class discussion or private study of the cases. This casebook is a project undertaken by a committee of international members of the Human Resources Division of the Academy of Management (USA). The HR Division currently has over 3500 members worldwide, indicating a significant immediate audience for the text. The committee, referred to as the HR Ambassadors Committee (James Hayton, Chair) is intended to represent the global membership of the organization. We currently have members in over 60 countries, and Ambassadors for over 50 of these. The committee was established to contribute to the internationalization of the HR Division and the Academy of Management by creating collaborative projects that both involve and serve the global membership. This book, which represents the first product of our collaboration, is expected to provide a useful teaching tool for HRM educators, and secondarily is expected to be of use to HR practitioners with an interest in the globalization of HRM.

Managers and supervisors will sharpen their analytical and decision-making skills with this new collection of fully reproducible case studies. Based on actual, real-life situations, these exercises prepare supervisors and team leaders for the challenging problems they face in today's complex workplace.
