The Orbital Defence Initiative (abbreviated ODIN) is an orbital satellite weapon; a very powerful remnant of the Sixty Minute War and a major feature of the third and fourth books in the series: Infernal Devices and A Darkling Plain. It was built as part of the arms race between the American Empire and Greater China. It and MEDUSA are the only superweapons known to have survived until the events of the series, although there are several references to other orbital superweapons (Diamond Bat ...
