information required to sufficiently prepare technicians to pass each of the A1-A8 and L1 ASE certification exams. Each chapter begins with a pretest that indicates the depth of preparation required to become familiar with the information in the chapter, followed by a description of each ASE task and the must-have information related to the task. ASE-type questions at the end of each chapter appear in the same format as on actual ASE tests to further prepare users to pass each exam.

Published in partnership with the Association of Deans & Directors of University Colleges & Undergraduate Studies Organizing for Student Success draws on data from more than 50 institutions to provide insight into how university colleges are organized, the initiatives they house, and the practices in place to ensure their effectiveness. Twenty case studies from 15 different campuses offer an in-depth understanding of institutional practice. Ultimately, university colleges are not only a structure for organizing educational experiences but also a catalyst for creating institutional change. An invaluable resource for first-year experience steering committees, general education reform committees, and other groups or administrators charged with reorganizing and revitalizing the delivery of undergraduate education.
