Four chronically homeless people—Amelia One Sky, Timber, Double Dick and Digger—seek refuge in a warm movie theatre when a severe Arctic Front descends on the city. During what is supposed to be a one-time event, this temporary refuge transfixes them. They fall in love with this new world, and once the weather clears, continue their trips to the cinema. On one of these outings they meet Granite, a jaded and lonely journalist who has turned his back on writing "the same story over and over again" in favour of the escapist qualities of film, and an unlikely friendship is struck. A found cigarette package (contents: some unsmoked cigarettes, three \$20 bills, and a lottery ticket) changes the fortune of this struggling set. The ragged company discovers they have won \$13.5 million, but none of them can claim the money for lack proper identification. Enlisting the help of Granite, their lives, and fortunes, become forever changed. Ragged Company is a journey into both the future and the past. Richard Wagamese deftly explores the nature of the comforts these friends find in their ideas of "home," as he reconnects them to their histories. From the Hardcover edition.

Richard Wagamese deftly explores the nature of the comforts these friends find in their ideas of "home," as he reconnects them to their histories.

Four homeless persons befriended by a journalist while taking shelter in a movie theater enlist his help after finding a winning lottery ticket.

At three years old, Garnet Raven is taken from his home on an Ojibway reserve and placed in a series of foster homes. In his mid-teens, he escapes at the first available opportunity only to find himself cast adrift on the streets of the big city, trying to avoid its bleak underbelly. By age twenty, Garnet is in jail. While there, he receives an unexpected letter from his long-forgotten native family, and the sudden communication from his past spurs him to return to the reserve following his release from jail. Deciding to stay awhile, Garnet's life is changed completely when he is initiated into the ways of the Ojibway - both ancient and modern - by Keeper, a friend of his grandfather, and one of the last founts of their people's history. Garnet comes to discover his sense of place - and of self.

Commissioned to carve a spirit mask for a mysterious stranger, Lucas Smoke finds his life controlled by disturbing nightmares of his client, an ancient sorcerer named Him Standing, who endeavors to emerge from the dream world.

One Native Life is Richard Wagamese's look back at the long road he traveled in reclaiming his identity. It's about the things he's learned as a human being, a man, and an Ojibway. Whether he's writing about playing baseball, running away with the circus, listening to the wind, or meeting Johnny Cash, these are stories told in a healing spirit. Through them, Wagamese shows how to appreciate life for the remarkable learning journey it is.

"Life sometimes is hard. There are challenges. There are difficulties. There is pain. As a younger man I sought to avoid them and only ever caused myself more of the same. These days I choose to face life head on—and I have become a comet. I arc across the sky of my life and the harder times are the friction that lets the worn and tired bits drop away. It's a good way to travel; eventually I will wear away all resistance until all there is left of me is light. I can live towards that end." —Richard Wagamese, Embers In this carefully curated selection of everyday reflections, Richard Wagamese finds lessons in both the mundane and sublime as he muses on the universe, drawing inspiration from working in the bush—sawing and cutting and stacking wood for winter as well as the smudge ceremony to bring him closer to the Creator. Embers is perhaps Richard Wagamese's most personal volume to date. Honest, evocative and articulate, he explores the various manifestations of grief, joy, recovery, beauty, gratitude, physicality and spirituality—concepts many find hard to express. But for Wagamese, spirituality is multifaceted. Within these pages, readers will find hard-won and concrete wisdom on how to feel the joy in the everyday things. Wagamese does not seek to be a teacher or guru, but these observations made along his own journey to become, as he says, "a spiritual bad-ass," make inspiring reading.

"An expansive work about healing, resilience, humanity, respect, inheritance, Indigenous teachings, and most of all, love" from the author of Indian Horse (Literary Hub). "We may not relight the fires that used to burn in our villages, but we can carry the embers from those fires in our hearts and learn to light new fires in a new world." Ojibwe tradition calls for fathers to walk their children through the world, sharing the ancient understanding "that we are all, animate and inanimate alike, living on the one pure breath with which the Creator gave life to the Universe." In this intimate series of letters to the six-year-old son from whom he was estranged, Richard Wagamese fulfils this traditional duty with grace and humility, describing his own path through life—separation from his family as a boy, substance abuse, incarceration, and ultimately the discovery of books and writing—and braiding this extraordinary story with the teachings of his people, in which animals were the teachers of human beings, until greed and a desire to control the more-than-human world led to anger, fear, and, eventually, profound alienation. At once a deeply moving memoir and a fascinating elucidation of a rich indigenous cosmology, For Joshua is an unforgettable journey. "Told lyrically and unflinchingly, For Joshua is both a letter of apology and another attempt at self-identification for the writer. A must-read for Wagamese fans, and a good primer for his novels." —Minneapolis StarTribune "A well-written, introspective book on fatherhood and loss that will especially interest readers and students of First Nations life and literature." —Library Journal

My life as a Kane was lit in the Indigos, Aquamarines and Magentas of a home built on quiet faith and prayer. But Johnny changed all that. Where I had stood transfixed by the gloss on the surface of living, he called me forward from the pages of the books, away from the blinders that faith can surreptitiously place upon your eyes and out into a world populated by those who live their lives in the shadow of necessary fictions.

"The most profound truth in the universe is this: that we are all one drum and we need each other." —Richard Wagamese, One Drum Fans of Richard Wagamese's writing will be heartened by the news that the bestselling author left behind a manuscript he'd been working on until shortly before his death in 2017. One Drum welcomes readers to unite in ceremony to heal themselves and bring harmony to their lives and communities. In One Drum, Wagamese wrote, "I am not a shaman. Nor am I an elder, a pipe carrier, or a celebrated traditionalist. I am merely one who has trudged the same path many of this human family has—the path of the seeker, called forward by a yearning I have not always understood." One Drum draws from the foundational teachings of Ojibway tradition, the Grandfather Teachings. Focusing specifically on the lessons of humility, respect and courage, the volume contains simple ceremonies that anyone anywhere can do, alone or in a group, to foster harmony and connection. Wagamese believed that there is a shaman in each of us, and we are all teachers and in the world of the spirit there is no right way or wrong way. Writing of neglect, abuse and loss of identity, Wagamese recalled living on the street, going to jail, drinking too much, feeling rootless and afraid, and then the feeling of hope he gained from connecting with the spiritual ways of his people. He expressed the belief that ceremony has the power to unify and to heal for people of all backgrounds. "When that happens," he wrote, "we truly become one song and one drum beating together in a common purpose—and we are on the path to being healed."
