Sculpting the Figure in Clay is a comprehensive instructional guide to sculpting the human figure in clay. This all-inclusive volume lays out an easy-to-follow step-by-step method of blocking out the plane structure and anatomy of the posed figure. The author's unique approach utilises a geometric system consisting of blocks, simple shapes and guidelines, which instructs students in a new and instinctive sculptural style. Lessons in the book simulate the classroom experience. Sculptural concepts are illustrated through a sequence of dramatic photographs of the model, taken from every angle of the model in a given pose and the entire sculpting process is shown from start to finish, with accompanying text.

A stunning survey of nine master ceramists and a fascinating study of their sculptural techniques.

Katherine Dewey's expressive and elegantly detailed sculptures enchant all who see them. With the magical medium of polymer clay and this book, you can follow in her footsteps. Thorough instructions supported by more than 400 step-by-step color photos and 200 detailed drawings cover the entire process of sculpting realistic figures, from selecting clay and gathering essential tools to the basics of modeling the human figure, to incorporating poses, facial expressions, ethnic and gender subtleties, costumes, and painted finishing touches. Easy-to-read maps of the figure illustrate the landmarks of the body, while scale diagrams indicate the simple shapes hidden within the human form, as well as how to combine and model those shapes. For anyone who loves fantasy, romance, nature—or sophisticated crafting—this book is a must-have.

Covers modelling from casts, live models; measurements; frameworks; scale of proportions; compositions; reliefs, drapery, medals, etc. 107 full-page photographic plates. 27 other photographs. 175 drawings and diagrams.

Beginner s Guide to Sculpting Characters in Clay is a comprehensive guide to traditional sculpting tools, materials and techniques for beginners."

Step-by-step techniques for modeling the portrait in clay, firing meethods and mold making.

This guide shows you step by step how to sculpt realistic figures, from face to feet, through 10 projects. Professional sculptor and instructor Elizabeth Bonvalot provides the guidance and tips needed to--with time and practice!--reach realism with your sculpted figures. Begin with the fundamentals, such as the types and properties of clays, the materials and tools, four base techniques, and topics such as roughing out, adding clay, detailing, engobe, firing, and patinas. The first five lessons teach the elements of figure sculpting, focusing your attention on heads, faces, hands, feet, and the body. The next five projects offer a sequence for effective skills building as you create a bas-relief portrait, an animal, a standing nude, a bust, and a lifesize figure. This comprehensive approach is perfect for people who love clay and have a can-do attitude, even with limited formal art class experience.

Simulating a workshop studio course, this book provides action-photography sequences that enable readers to observe every step a master sculptor takes in building a portrait in clay.

Presents a selection of contemporary ceramics based on the human form, including the work of Wesley Anderegg, Jeffrey Mongrain, Scott Stockdale, and Yeon Joo Lee.
