SMART Board software works with front projection SMART Board, Rear ProjectionSMART Board, and SMART Board for Flat-Panel Displays interactive whiteboards, as well as Sympodium interactive pen displays and interactive lecterns. Because you could be using any of these products, the guide refers to "your SMART product," instead of a specific one.

SMART Board Software User's Guide

Touch the SMART Board to control applications with your finger in the same way you would control an application with your mouse at your desktop computer. One touch of your finger equals one click of a left mouse button. To double-click, double-tap on the SMART Board. To right-click, look at the two buttons located at the front of the Pen Tray TM.
