The international community is ignoring the plight of the people it pledged to protect when the Taliban regime was first ousted in 2001. Just as the IPCC warns of tipping points with regard to ...

For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.

Today, there is a surge of interest in e-government and its implementation. Many

Read Book Solution Architect Vs Business Yst

governments across the world are laying great emphasis on delivering speedy and reliable services to the citizens and businesses through the use of Information Technology and Communication Technology. In India too, particularly in states like Andhra Pradesh and Karnataka, many e-government projects have been successfully implemented, which have immensely benefited the ordinary citizens. The author, with years of practical experience in e-government implementation, gives a masterly analysis of e-government and its benefits, role of people, process and technology in e-government, public-private partnership models, e-government standards, and issues relating to security, digital divide, and cyber law. The 9 Case Studies in the G2B, G2C and G2G segments considerably enhance the value of the book. The theoretical aspects are ably illustrated with the help of diagrams, screenshots, tables and exhibits. All these features, together with the clear exposition of the principles and practice of e-government, should make this book a valuable guide and a cherished companion for all practitioners of e-government in the public sector as also in the IT industry. Besides, students of management would immeasurably benefit by reading this timely, well-balanced and well-researched study.
