The “ shocking ” and “ suspense-packed ” bestseller about one teacher ’ s stand against student violence, and the basis for the Academy Award – nominated film (The New York Times Book Review). After serving his country in World War II, Richard Dadier decides to become an English teacher—and for the sin of wanting to make a difference, he ’ s hired at North Manual Trades High School. A tough vocational school in the East Bronx, Manual Trades is home to angry, unruly teenagers exiled from New York City ’ s regular public schools. On his first day, Dadier endures relentless mockery and ridicule and makes an enemy of the student body by rescuing a female colleague from a vicious attack. His fellow educators are bitter, disillusioned, and too afraid of their pupils to risk turning their backs on them in the classroom. But Dadier refuses to give up without a fight. Over the course of the semester, he tries again and again to break through the wall of hatred and scorn and win his students ’ respect. The more he learns about their difficult circumstances, the more convinced he becomes that a good teacher can make a difference in their lives. His idealism will be put to the ultimate test, however, when a long-simmering power struggle with his most intimidating student explodes into a violent schoolroom showdown. The basis for the blockbuster film starring Glenn Ford and Sidney Poitier, Evan Hunter ’ s The Blackboard Jungle is a brutal, unflinching look at the dark side of American education and an early masterpiece from the author who went on to write the gritty 87th Precinct series as Ed McBain. Drawn from Hunter ’ s own experiences as a New York City schoolteacher, it is a “ nightmarish but authentic ” drama that packs a knockout punch (Time).

Evan Hunter's novels have sold over one hundred million copies. His writing includes screenplays, literary novels, and children's books, but he is perhaps best known for his hugely successful 87th Precinct series, penned under the pseudonym Ed McBain. The book that launched Hunter into a full-time writing career and onto the bestseller lists was his first major novel, *The Blackboard Jungle*. Written in 1954, this controversial story cracked down on the public school system and dramatized student violence as no other novel of its time did. Hunter used his own teaching experience to create protagonist Richard Dadier, who lands his first real job as an English teacher at North Manual Trades High School in New York City. Dadier knows the students here will be tough, but nothing has prepared him for the world he enters. Hunter's popular and groundbreaking novel attracted much attention when it was first published, and it became a top bestseller in 1955. Set against the changing social culture of the 1950s, *The Blackboard Jungle* is a fascinating time capsule that brilliantly illuminates an issue still in the forefront of our minds.

The author of the 87th Precinct series presents the story that inspired *The Blackboard Jungle* and eleven other tales of tough, troubled kids on the city streets. Inside the concrete walls of Bernard High, brutal young men scrap for survival, fighting with their wits, their knives, and their guns. Brawls are common in the hallways, and more than one student has been carried out on a stretcher this year. Now, Mr. Kemp is the next target. A mild-mannered teacher in far over his head, he's about to be thrust into the middle of a string of muggings happening right inside the school. It's a jungle in there, and Kemp is at the bottom of the food chain. A tale of animal justice in a school ruled by the power of the switchblade, "The Jungle Kids" is an incredible story. Along with "To Break the Wall," it served as the inspiration for *The Blackboard Jungle*, the novel about a cutthroat inner-city school that was adapted for the screen and made Ed McBain a household name. With twelve stories of crime, violence, drugs, and gangs, most of which were originally published in the legendary pulp magazine *Manhunt*, this collection showcases city life through the eyes of disaffected teenagers. What could be more terrifying?

Traces the author's turbulent first year working as a teacher of disadvantaged students in the Bronx, describing his difficulties with such challenges as unruly students, absent parents, and a failing administration, obstacles that placed his career choice in question and revealed formidable flaws in the educational system.

Three teenagers turn an idyllic summer vacation into a violent nightmare in this "compelling and unforgettable" novel by the bestselling author of *The Blackboard Jungle* (Harper's). Bored, restless, privileged teenagers Sandy, David, and Peter meet while vacationing with their families on remote Greensward Island. The two boys, both sixteen, are immediately entranced by Sandy's beauty and frank sexuality. Over the course of the summer, the trio creates an illicit teenage paradise far removed from adult supervision. Stolen beers and lustful teasing lead to more nefarious games, however, when Rhoda appears. Shy, quiet, and unsophisticated, the fifteen-year-old desperately wants to fit in with her more glamorous peers. Her awkwardness brings out a vicious cruel streak in Sandy, who has David and Peter so tightly wrapped around her finger they'll do whatever she wants—even if it means destroying an innocent life. A fearless, unflinching portrait of youth gone wild, *Last Summer* was the basis for an Academy Award-nominated film starring Barbara Hershey, Bruce Davison, Richard Thomas, and Catherine Burns. Originally published in 1968 and heralded by *Cosmopolitan* as "the most chilling novel of this—or any—autumn," *Last Summer* transforms a coming-of-age story into a dark and twisted fable and confirms Evan Hunter's reputation as a master of suspense.
